

# VitalGuard

While no amount of money will ever alleviate the loss of a loved one, the 24-hour VitalGuard coverage will lessen the financial burden for one's family.

## ACCIDENTAL DEATH AND DISMEMBERMENT INSURANCE

The devastating impact of accidents resulting in death or dismemberment can weigh heavily on a family. Luckily, the VitalGuard AD&D plan can help relieve the financial stress of these situations by providing a lump sum benefit for a covered accidental death or dismemberment.

### ACCIDENTAL DEATH BENEFIT

The VitalGuard plan provides a benefit payout for a death resulting from a covered accidental injury, based on the face amount enrolled (100% benefit to the insured; 50% benefit to a covered spouse; 25% benefit to any covered children).

### ACCIDENTAL DISMEMBERMENT BENEFIT

The plan provides a benefit payout (% of the face amount) in the event of Accidental Dismemberment. The benefit amount for these covered injuries will be a percentage (ranging from 25%-100%) of the face amount, depending on the specific injury. The benefits are subject to the coverage schedule providing 100% to the primary insured, 50% to a covered spouse, and 25% to any covered children. This is a limited benefit policy and does not cover losses related to sickness - it only covers losses that are related to accidents.

Unintentional injuries resulting from an accident continues to be the 5th leading cause of death\*
