Brought to you at no cost by Sherpa Insurance, LLC, located in Green, Ohio

Possibly the best and most informative workshop you will ever attend!

2020 Making Sense of Medicare Workshop

Dear Special Guest,

Our recent workshops here in Ohio have drawn large numbers of people who are aging into to Medicare, Medicare disabled or over 65, who have unanswered questions about the Medicare process and whether they are receiving all the benefits they are entitled to!

“Making Sense of Medicare” is the subject of this workshop. The purpose is to make you aware of the options available to you upon turning 65 and beyond. Those who are new to Medicare often have a hard time sorting things out in the beginning. There are all these parts and plans with similar letters, which makes it hard to figure out what is what. The massive amount of mail, TV ads and phone calls you get doesn't help either!

When you first become eligible, there are several steps to get the ball rolling. Although it seems like a lot, it's a painless process when you know the proper steps to take, and we can take you through them. After you turn 65 these options still are not always clear.

So if you are feeling bewildered or overwhelmed, rest assured that Don and Ed can walk you through this process from A to Z. We can teach you the basics, so you understand your Original Medicare coverage along with the supplemental programs that are available and best suited to your needs.

Making a timely decision is important to those turning 65, so there is no risk of losing the opportunity to make plan choices without underwriting. Knowing ALL your options when you are 65, and continuing to review your options each year, is crucial for finding all you are eligible for, and not overpaying unnecessarily!

Please plan to join us for these important workshops. Seating is limited, so please call our Toll-Free Reservation Line at **1-855-777-1420**, to reserve a seat!

With best regards,

Ed
