Members in our HMO plans must use plan providers except in emergency or urgent care situations or for out-of-area renal dialysis or other services. If you obtain routine care from out-of-network providers, neither Medicare nor Aetna will be responsible for the costs. **Aetna Medicare is a HMO, PPO plan with a Medicare contract. Our SNPs also have contracts with State Medicaid programs. Enrollment in our plans depends on contract renewal.** See Evidence of Coverage for a complete description of plan benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by service area. Out-of-network/non-contracted providers are

under no obligation to treat Aetna members, except in emergency situations. Please call our customer service number or see your Evidence of Coverage for more information, including the cost-sharing that applies to out-of-network services. The formulary, provider and/or pharmacy network may change at any time. You will receive notice when necessary.

Aetna Medicare's pharmacy network includes limited lower cost, preferred pharmacies in: Rural Nebraska, Rural Kansas, Suburban West Virginia, Rural Maine, Suburban Arizona, Rural Michigan, and Urban Michigan. The lower costs advertised in our plan materials for these pharmacies may not be available at the pharmacy you use. For up-to-date information about our network pharmacies, including whether there are any lower cost preferred pharmacies in your area, please call 1-833-859-6031 (TTY: 711) or consult the online pharmacy directory at [www.aetnamedicare.com/findpharmacy](http://www.aetnamedicare.com/findpharmacy). Members who get "Extra Help" are not required to fill prescriptions at preferred network pharmacies in order to get Low Income Subsidy (LIS) copays. Participating physicians, hospitals and other health care providers are independent contractors and are neither agents nor employees of Aetna. The availability of any particular provider cannot be guaranteed, and provider network composition is subject to change.
