To find your monthly premium as an individual:

1. Look at the first column to narrow down your plan type – Bronze, Silver, Gold, or Catastrophic.
2. Find the name of the plan you're interested in and scan the row to the right until you find the rate that matches the column with your age. If you want to see other plan rates you may be eligible for, look up or down within your age column to compare prices.

To find your monthly premium as a family:

1. Follow steps 1 and 2 above for each person in your family.
2. Add the rates together. If you are purchasing a policy including more than three children younger than 21, only the rates for the first three children are included in your total.

Sample calculation based on:
