To whom it may concern,

I met Steve Burnett through a seminar he held at the Chamber of Commerce office in Cumming, Georgia in August, 2019. He sent out a mailer advertising this meeting as an introduction to the Medicare system for people that were unfamiliar with the system but were getting ready to enroll. I became 65 in December, 2019. My mother, who lives with me and has been on Medicare for a number of years; also wanted to attend to see if she could learn something. Steve is very knowledgeable of the Medicare system and offered his assistance to us in selecting and signing up with the right supplemental policy for part B and the correct drug program for part D. I met with him and he got me into the correct programs and I was signed up in plenty of time so I did not have to worry about missing the boat.

Since my first meeting with Steve I have sent him additional clients which include my brother, brother-in-law, sister-in-law, my wife and a few more friends. My mother is a widow and has had the same supplemental policy's for years through my dad's former employer. That company cut out those benefits last year and she had to find her own. We called Steve and he was able to get her lined up with coverage which has turned out to be excellent. That is good news since my mother is 87 years old and is very anxiety ridden and was very worried about getting the correct coverage and getting it before her old coverage expired. Steve got her signed up with policies that were cheaper for her and fit her every need. I thank him very much for that.

I have and will continue to promote Steve to any acquaintance of mine who is looking for someone to help them with selecting the best coverage for them under Medicare. Please feel free to call me if you have any questions.

Very Truly Yours,
