Insurance · Bonds · Employee Benefits · Financial Services

July 26, 2021

We are excited to announce that FPG Benefits officially joined the Winter-Dent & Company team effective on May 1, 2021! This merger will allow us to continue to expand our service and product offerings to our clients and prospects while allowing us to take our visions of the future and turn them into reality.

Winter-Dent & Company has been in business for over 100 years. With its base of operations in Jefferson City, Missouri, Winter-Dent also has offices in Columbia, MO and Dallas, TX. As part of a full-service risk management consulting and insurance brokerage firm, we can now provide a multitude of new and valuable services to our clients.

As a 100% employee-owned company it is a natural fit for the cultures of our company to come together in a way that will allow all parties to continue to grow well into the future.

If you would like additional information, please reach out to Kelsey, Jacqueline, and Molly as you normally would or Allison Madrid at 573-634-2122.
