You are invited to attend our Medicare Workshop for those newly eligible for Medicare or who just want to learn more about Medicare.

Some of the topics we will address at the workshop include:

1. **What do you have to do to enroll in Medicare?** What does it cost and when does it begin?
2. **What are Medicare Advantage Plans and how do they differ from Medicare Supplements?** What are HMOs, PPOs and POS plans? You need to clearly understand the differences (and there are *major* differences.)
3. **Are all Medicare Prescription Drug Plans the same?** There are many plans in every state, and there can be big differences in premiums, deductibles, co-pays and formularies. Did you know that Medicare will penalize you for not enrolling in a drug plan, even if you don't take any drugs?
4. What if you are still working past age 65 or have coverage from your former employer? Should you keep that coverage or switch to another plan?

This is an educational event only and hosted by licensed local agents.

Medicare can be confusing; you really need to have a clear understating from the beginning!

We offer many local and national carriers and plans.
Let us help you with your decision-making strategy.

Bring your questions and enjoy a complimentary snack.
