**Standard plans are required by New York State. The benefits and out-of-pocket costs for the Standard plans will be the same for all health insurance companies. Provider networks will differ by insurance company.**

Part of the Affordable Care Act is intended to improve dental coverage for children, including preventive, routine and some major dental coverage. Individuals purchasing medical coverage outside of the NY State of Health Marketplace, are required to purchase a medical plan with pediatric dental included, or a qualified stand-alone plan. By purchasing a medical plan with dental included, you can be sure your children will receive comprehensive coverage overseen by our staff of medical management experts, and both medical and pediatric dental services will count towards your out of pocket maximums.

Any one person insured on a family plan will not pay more than \$9,100 in compliance with the Affordable Care Act.

\*Some benefits, such as pediatric vision and durable medical equipment may have different coinsurance amounts.

\*\*An HSA or Health Savings Account is a tax-free funding account owned by you that helps you pay for qualified medical expenses such as lab fees, prescription drugs, contact lenses, chiropractor visits and more. Subsidized health plans are not eligible for health savings accounts.

Note to diabetic drug and supply users: In accordance with the contract language/benefit mandates provided by New York State, if your plan includes a deductible, diabetic drugs and supplies are subject to the deductible amount.

## NEW FOR 2023:

In support of our mission to help people live healthier, more secure lives while advancing health equity and access for all:

The **Calm Stress Management Program** is now included with all QHPs at no cost.

The Univera Healthcare **Essential Plan** was rated #1 in NY State for 2020-2021 for quality and satisfaction.

**Covered Therapies** and **Acupuncture** will be reduced to the PCP cost share, on all non-standard plans, subject to deductible where applicable.

Our **Maternity Care Management Program**, Univera Healthy Baby Connection, is now available to expectant women pre- and post-delivery.
