“The National Association of Insurance Commissioners (NAIC) provides expertise, data, and analysis for insurance commissioners to effectively regulate the industry and protect consumers. Founded in 1871, the U.S. standard-setting organization is governed by the chief insurance regulators from the 50 states, the District of Columbia, and five U.S. territories to coordinate regulation of multistate insurers.

“Our members are state insurance regulators from diverse backgrounds—but are united in their shared commitment to set standards and ensure fair, competitive, and healthy insurance markets to protect consumers. The singular mission of the NAIC is to support our members in these noble causes.”
